SUBJ: DRAFT FINAL RCRA FACILITY ASSESSMENT (RFA) FOR NAVAL
AIR STATION, MEMPHIS, TN-2-170-022-600

Dear Mr. Scarbrough:

This letter is to confirm the phone conversation between your Mr. Larry Fitchorn and Mr. Robert Moser of Southern Division, Naval Facilities Engineering Command on October 19, 1989. It is our understanding that EPA Region IV will not complete the review of our RCRA Facility Assessment documents which we submitted by enclosure (1) and revised and re-submitted by enclosure (2), until November 30, 1989. Also, we request your guidance on whether we should proceed with the development of our RCRA Facility Investigation Work Plan documents, if EPA is unable to provide us with their comments by November 30, 1989.

By enclosure (1), we requested comments within 90 days after your receipt of the submitted documents so that we might proceed with our RCRA Facility Investigation Work Plan documents, which we would submit within 120 days after the receipt of your comments. Again, we request your guidance on how we should proceed.

Should you have any questions, please contact Mr. George Robertson (901) 873-5209.

Sincerely,

R. G. CARPENTER
